LANDSCAPE RAKES

Ideal for grading, leveling or spreading top soil.

Worksaver Landscape Rakes

- For commercial, farm or home use.
- Ideal for grading, leveling, spreading top soil, removing stones, roots and trash.
- Other uses are breaking up sod clumps, spreading stone, gravel or cinders and smoothing ball diamonds, parking lots and horse exercise yards.
- Rakes are maneuverable, permitting close work around fences, walls and other objects.
- Sturdy frame construction for long life.
- Heavy-duty 5/16 x 1 x 16 tines are standard equipment.
- Tines are individually bolted to the frame reducing lost tines.
- A “waffle plate” for added strength supports each tine.
- Five forward / rear angle positions on the DCR & MCR series for increase versatility.
- Seven forward / rear angle positions on the ULR series for precision leveling and grading.
